

THE DIACEPH SHUNT MONITORING SYSTEM DAY-CHART

October 1997 by S. Dolle All Rights Reserved

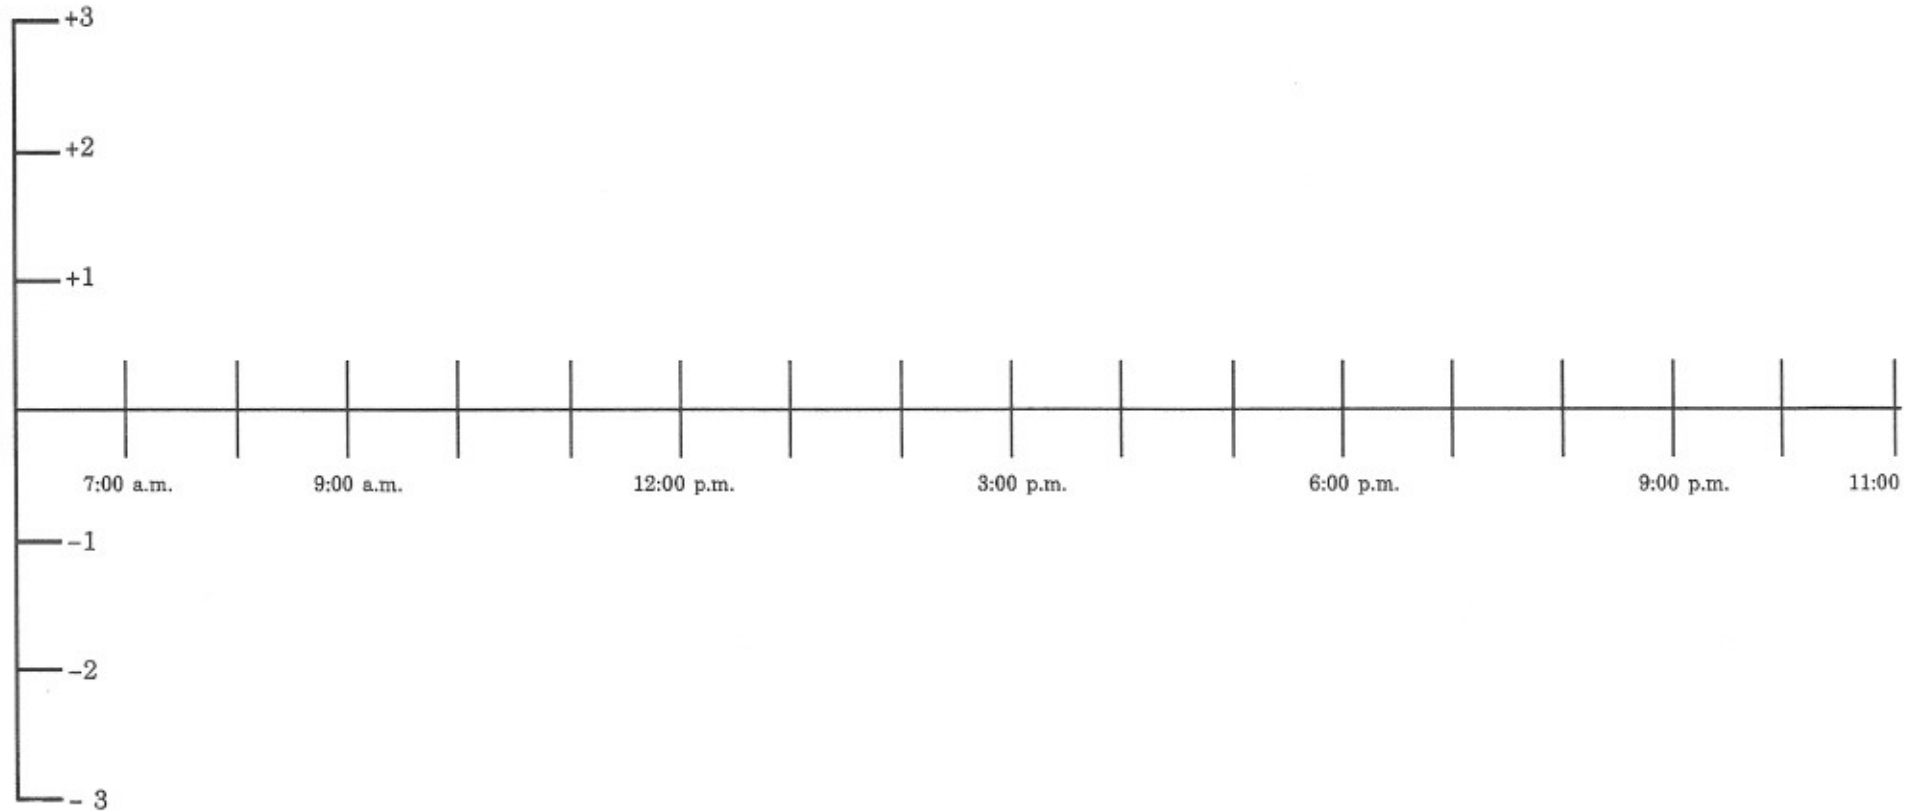

Date: _____

Patient: _____

Physician: _____

+ Value

Primary Complaint: _____

- Value

Instructions:

1. Identify the ICP Values and Time of day for the desired Samples on the Work Page.
2. Using the Symbol Key (at right), place a (●) Symbol at a point on the graph coinciding with its ICP Value on the vertical scale (y-axis), and Time of day on the horizontal scale (x-axis). Place any N and ± N Values on (Time) line. Draw a line and connect all the Sample points.

Day-Chart Symbol Key:

Symbol (●) = ICP Value
